EDUCATION

Palmer High School

Alaska — 2010

New Mexico State University

BS, Computer Science — 2015 Spring

SKILLS

- Linux/Unix
- Bash, Python, JavaScript/Node, C/C++, Java
- jQuery, Backbone, Knockout, Mustache, Jinja2, MongoDB
- Revision Control (git and svn)
- Websockets
- HTML5/CSS3

EXPERIENCE

Front-End Web Developer, SolutionHead Technologies

Las Cruces, NM — 2013 May to October

Developed a front-end data-driven interface for manipulating a large database of raw chili data. Implemented, in JavaScript (using jQuery, Knockout, and Templates), views for interacting with a backend API using asynchronous REST calls. These views varied from being able to add/edit/remove contacts before printing a shipping label, to moving a chili batch's status from "raw" to "dehydrated."

Assembler, Spenard Builders Supply

Birchwood, Alaska — 2012 June to August

Worked on a factory line assembling walls, cutting lumber, and other carpentry tasks. Worked safely with nail guns, saws, and forklifts.

Invasive Weed Technician, Alaska Association of Conservation Districts

Wasilla, Alaska — 2010 June to August

Member of a four-person mobile crew that traveled around Alaska assisting federal invasive plant coordinators with weed mitigation efforts. Often slept in tents and cabins for a week or more at a time. Regularly used GPS to note locations.

OTHER

- Lifelong Alaskan
- Participated in the National Outdoor Leadership School (NOLS) 28-day backpacking course.

P.O. Box 2976, Mesilla Park, NM 88047
